Summary

I love developing software and learning new things. I like to go out of my comfort zone and sharpen my skills. I've started to learn C++ and sharpen up my DSA skills because of this.

Skills

Next.js • Tailwind css • Prisma • SQL • Go • C++ • Firebase • React Native

Projects

diffinlist

Apr 2023 – present

Technologies: Next.js • Prisma • State Management • TypeScript

this project was initially started because of a school project i had to submit alright so this is my attempt to work with the pokeapi using next13

diffindex

Apr 2024 – May 2024 • 1 mo

Technologies: Next.js • RESTful API • TypeScript • Tailwind css

this project was initially started because of a school project i had to submit alright so this is my attempt to work with the pokeapi using next13
